

To: US Postal Service, Senator Robert P Casey, Jr., Senator Arlen Specter, Representative Jason Altmire, Representative Chris Sainato, Representative Glenn Thompson, Representative Elder Vogel Jr., Representative Jaret Gibbons, Representative Kathy Dahlkemper, Representative Tim Ryan, All Elected State, County and City Officials and Civic Leaders in New Castle, PA and the surrounding communities.

From: Concerned Postal Customers and Postal Employees

We, the undersigned residents of New Castle, PA and surrounding communities are adamantly opposed to the US Postal Service moving any mail processing operations out of the Processing and Distribution Facility located at 435 S Cascade Street, New Castle, PA 16101 to the Pittsburgh PA General Mail Facility or any other processing center.

We are opposed to this consolidation for many reasons including:

- \*Loss of our current overnight delivery standard to the surrounding communities
- \*Loss of our New Castle postmark identity
- \*Loss of jobs to the City of New Castle and surrounding communities and resulting negative impact upon the city, its residents and businesses

Therefore, we call upon you to ensure every possible effort is made **now** to prevent the local mail processing operations from being moved out of the New Castle Processing and Distribution Facility.
